

Foot Care Service

A survey from the Domiciliary Care Team, Optalis

**Wokingham
Learning Disability
Partnership Board**

At the Big Meeting on 8th November, Sue Kelly and Alyson Hobbs visited to tell us about the Foot Care Service offered by Optalis. The Foot Service includes cutting toenails, filing any rough or dead skin and applying moisturising cream (they cannot help with any medical problems). This service is currently offered to older people and has been very popular.

Optalis have plans to offer this out to more people, including people with learning disabilities. In order to do this, they need to know if people want the service and how many people would like to use it.

Please tell us what you think by **Friday 30th December**.

Name:

Question	Answer – please circle
Do you need help to look after your feet? <i>(If the answer is NO, you do not need to fill in any further questions.)</i>	Yes or No 
If yes, who helps you with this now?	Nobody / Family member / support worker / chiropodist / someone else 
Would you use a Foot Care Service offered by Optalis?	Yes or No 
If yes, how much could you afford to pay for this service?	
This service is usually offered in people's own home. Would you be willing to travel to a different location (in Wokingham area) if the cost of the service was cheaper?	Yes or No 
Would you pay extra to have your nails painted?	Yes or No 

If you said you would like to use this service please let us know how we can contact you:
