

# Are you part of your local Neighbourhood Action Group (NAG)?

A NAG deals with local community issues. It is made up of local residents, representatives from community organisations and the police.

There are **12 NAGs** in the Wokingham Borough.

**Being part of your NAG has lots of benefits, you can:**

- Influence decisions and encourage action on issues that matter to people in your neighbourhood.
- Have chances to change things for the better in your neighbourhood.
- Feel good about making a difference to local quality of life.

The **Wokingham Learning Disability Partnership Board** is working to make sure that NAGs across the Wokingham area include people with learning disabilities. We think local residents with learning disabilities can play an important role in shaping their community. **Can you help us?**

## Want to get involved in your NAG?

Contact Thames Valley Police and ask to speak to a representative from your Neighbourhood Policing team

Call: 0845 8 505 505

## Want to support someone with a learning disability to have a say too?
