We will not share any of the personal details you have provided with anyone else. We have asked for these so we can contact you when the transport is up and running. We will pass over the details of your journey to Keep Mobile so that they can plan a route. We want to make sure that the people most in need get access to this transport, so please be honest if you are able to get about currently. Any questions call: 05600 766 114.
