

# Transport

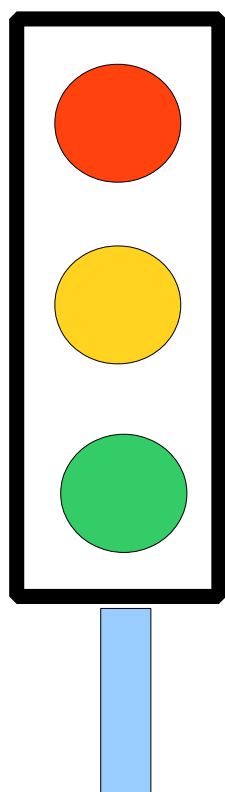

Wokingham  
Learning Disability  
Partnership Board

The Advocacy Sub-Group is planning a campaign to make transport easier to use.

We need to hear from you what works well and what doesn't so we can make a plan. These are the sorts of things people have told us

 work well,  need more work,  don't work.....

I find it hard to understand timetables that use the 24 hour clock.

The bus drivers on some bus routes are helpful but not all of them

There isn't always somebody at my train station to help with my wheelchair.

If you have something to say about transport please can you get in touch with Julie White at the Learning Disability Partnership Board. You can write it down, talk to us, make a poster or show us photos.
